Why Do You Want to Serve on the GASSA Board?

I feel that it is important to have someone on the board that is outside the metro area. Also, it is important to have someone that is involved in day to day hands-on operations.

Sarah Beth Johnson

Why Do You Want to Serve on the GASSA Board?

I want to help serve the best interests of our industry through activism and spreading the word. To assist in the growth and enrichment of the association by visiting with individual store owners and telling them the many benefits of GASSA membership and to offer any possible help to make membership more meaningful for all of us.

Glen Nicotra

City Storage

Why Do You Want to Serve on the GASSA Board?

It is time to recommit to GASSA Board service. As a long-term GASSA advocate, I hope to add value to GASSA and its Membership through perspective and balance serving owners and vendors of both metro and tertiary markets. And, given my former GASSA Board service and industry/member relationships, I foresee a short Board operational learning curve – ready and able to get right to work. Thank you for the nomination.
